March 20, 2025

This is a follow up to the communication sent on January 3, 2025, regarding PHW's payment incentive for nursing facilities.

We are pleased to be able to extend the current program for an additional measurement period.

What does this mean?

Based on your facility's performance between **March 1, 2025 through May 31, 2025**, you may qualify for the **incentive rate increase**, which will be applied to claims for dates of service from **July 1, 2025 through September 30, 2025**.

- If your facility qualifies: The incentive rate will apply to applicable claims.
- If your facility does *not* qualify: The base rate will return to the standard rate for claims with service dates on or after **July 1, 2025**.

Please note: If an incentive is not earned in any measurement period, no incentive will be paid for the applicable award period. Any previous incentives will be removed and the facility will be paid the standard rate. All incentives are non-accumulating, with the maximum incentive being 1.85%.

If you have any questions regarding the Nursing Facility Payment Incentive, please contact your Provider Relations representative or send an email to the Provider Relations inbox at PHWProviderRelations@PAHealthWellness.com.

Thank you for your continued partnership,

PA Health & Wellness
